- A Favorite Time of Year

Everyone has a favorite season. Some people like summer because it's hot and sunny. Others love the snow IN WINTER. They can't wait to go skiing. Lots of people love spring with its warm winds and beautiful flowers.

But fall is my favorite time of year. I like the cool weather and the red and orange leaves on the trees. I really love the foggy mornings and the first cold days.

I also like fall the best because my birthday is on the tenth of APRIL. So in the fall, I celebrate another year with friends and family. It's definitely the best season of all.
